## RISE

4 of the young people we work with, and their coaches, took part in RISE the spectacular opening event of Bradford 2025 UK city of culture. It was a fantastic experience to be part of such a big community performance!

## Our Active Community

We have partnered with Mencap to run an Our Active Community in Bradford. The project works with local people who want to make their community a better place for people with a learning disability to be physically active, happy and healthy.
